Contractors.—The Canadian Pacific Railway Company, of Montreal, Que.

Date of Contract.—October 9, 1917.

Duration of Contract.—March 31, 1917, to March 31, 1918.

Service and Ports of Call.—Subsidy is paid for a mail service every two weeks in each direction all the year round, between Atlantic and St. Lawrence River ports in Canada, and Hong Kong, China, via Halifax or St. John (in winter) or Quebec (in summer) and Vancouver.

On the voyages in each direction between Vancouver and Hong Kong the steamers must call at Yokohama on every trip; and at Woo Sung (for Shanghai) on every eastbound trip, and at least once on each alternate westbound trip. They may also call, at the option of the company, at Victoria, Nagasaki, Kobe, Shimidzu and Manila; and at Amoy or other ports in China.

During the winter months the contractors are not to be held responsible for delays to mails in transit over the Intercolonial Railway between Halifax and Montreal, provided such delays are solely due to the management of the Intercolonial Railway, or resulting from causes beyond the control of the said railway or the contractors.

Annual overhaul.—Any of the steamships engaged in this service may be laid off for annual overhaul, provided that substitute steamers are approved of by the Minister of Trade and Commerce, at or before the time of such withdrawal.

Landing and embarking mails at Shanghai.—The contractors shall supply a small steam vessel at Shanghai for the purpose of landing and embarking mail to and from steamers lying at the anchorage at the mouth of the Woosung River.

Mails.—To be carried free.

Periods of Transit.—All mails conveyed under this contract shall be carried between Canada and Hong Kong, in either direction, as expeditiously as possible under existing circumstances brought about by the war.

Canadian Trade Commissioners.—To be carried free.

Passenger and Freight Rates.—No toll or rate for either passengers or freight shall be charged which discriminates against Canadian passengers, merchants or shippers or against one or more of the Canadian ports on the Pacific Ocean, nor shall such rates for either passengers or freight be in excess of the rates charged on steamships of a similar class from United States ports on the Pacific Coast.

The service was then continued with a gasolene launch *Casarco 3rd* until November 30, 1916, and payment of subsidy earned during 1916 was authorized by Order in Council.

No contract has been entered into for this service for 1917, and no service was performed during that year.

The contractors shall furnish and establish at their own expense the necessary agents required for the efficient performance of this contract, and shall with diligence as soon after the completion of each voyage as may be, furnish to the Minister full and complete copies of the manifests of the cargoes and lists of passengers carried on each voyage, duly certified by the proper officers of customs, and also such other documents, information and evidence as may be reasonably required by the Minister to show the volume, extent and value of the trade carried on by the said steamers and the full performance of their part of services, requirements and conditions of this contract, in order to enable him to judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with, within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive; and the furnishing of such certificates, documents and evidence as hereinbefore specified shall be a condition, precedent to the payment of the subsidy herein provided for, or any portion thereof, and if in the opinion of the Minister, all the terms of this contract have not been fully complied with by the contractors he may deduct from the subsidy otherwise payable such portion thereof as he may deem fit and proper, taking into consideration all the circumstances connected therewith, and the contractors shall at all times during the continuance of this contract well and faithfully abide by and conform to all such requirements as may be made by the Minister with regard to the said steamers in the performance of this contract.

Financial Statements.

It is further understood and agreed that the contractors whenever so required shall furnish the Minister with such financial statement or statements as he may desire from time to time respecting all revenues derived from and all expenditures in connection with the conduct of the service herein provided for.

British Subjects.

It is further understood and agreed by the contractors, that two-thirds of the total number of officers, engineers, stewards, crew or other employees whatsoever upon the steamships engaged in the performance of the service herein contracted for, shall be British subjects, but the non-observance of this clause shall not constitute a violation of this contract in such individual cases as may from time to time be approved by the Minister in writing.

Equipment of Steamers.

The steamers to be employed as herein specified, shall at all times during the continuance of this contract be fully seaworthy, well-officered, manned, victualled, equipped, provided and furnished, having regard to the service which the contractors have hereby undertaken to perform; and shall have ample and suitable accommodation for the passengers, mails and freight to be carried over the route specified; and shall at all times, carry boats and life-saving appliances in compliance with the law, and shall be in all respects subject to the approval of the Minister.

Carriage of Mails.

The contractors shall during the performance of this contract, convey on each and every trip of the steamers performing the aforementioned services, both on outward and homeward voyages, all such mails as shall be tendered to the proper officers or persons in that behalf on the said steamers by or on behalf or under the direction of the postal authorities of Canada, or those at the terminal port or ports of call herein referred to, and shall deliver all such mails at their proper destination at the terminal port or ports of call above referred to; and the expenses of carrying such mails from the post offices or railway stations to the steamers and from the steamers to the post offices or railway stations at the terminal ports and at the ports of call shall be borne by the contractors, who will be subject to all general and special regulations now or hereafter existing during the continuance of this contract in connection with the postal service. For the conveyance of all such mails no payment shall be made or required over or beyond the amount of subsidy herein mentioned or provided for.

Accommodation for Mails.

The said steamers shall be provided with sufficient and convenient accommodation and protection for all such mails, to the satisfaction of the Honourable the Postmaster General of Canada for the time being, and the contractor shall further take all reasonable and necessary precautions for the protection of such mails, while upon the said steamers or while in the contractor's charge or custody, from loss, damage or injury, in any way, and the contractors shall be responsible for any loss or damage thereto caused by negligence or want of proper care or accommodation on the part of the contractors, their agents or servants or on the part of the officers, employees or crew on board the said steamers, and this without regard to any question, as to the legal liability of the Postmaster General to the owners of the articles of mail matter contained in such mails for damage or loss sustained in transit.

Definition of term "Mails."

The expression "mails" for the purpose of this contract shall be deemed to mean and include all boxes, bags, baskets or packets of or containing letters, post cards, newspapers, parcels, books, or printed papers, and all other articles which under the Post Office Act and postal regulations for the time being in force are transmissible by post in Canada, without regard to place either of origin or destination, and also all empty bags, empty boxes and other receptacles, stores and articles used or to be used in carrying on the post office service, or which shall ordinarily be sent by or to or from the offices.

No Letters except H. M. Mails to be Carried.

The contractors shall not, nor shall any of their agents or servants, or officers or crews of the said steamers receive or permit to be received on board of the said steamers any letters for conveyance other than those contained in His Majesty's mails, or which are or may be privileged by law, nor the mails of any other country, except such as are specified by the Postmaster General of Canada for the time being.

Government officials to be carried free of Charge.

The Honourable the Postmaster General of Canada, or the Honourable the Minister of Trade and Commerce for the time being, or any inspector or officer of the Post Office Department or the Department of Trade and Commerce, who may in the execution of his duty travel in the said steamers, shall be carried free of charge.

Proper accounts to be Kept.

The contractors shall keep full and proper accounts of and in connection with the working of this service, and shall keep such accounts separate and distinct from any other accounts of or connected with other branches of their business; and in any contingency which, in the opinion of the minister, may render such a course necessary, the contractors shall allow any officer or officers named by the minister free access to such accounts and all books, papers and documents connected therewith.

Substitute for Disabled Steamers.

It is understood that if the said steamer shall be by peril of the sea or other unavoidable casualty, lost, destroyed or temporarily disabled from performing the voyages herein agreed to be performed according to the true intent and meaning of these presents, the contractors may in such case as soon as reasonably may be, having regard to the circumstances, replace the said steamer by another of equal class, speed, equipment, character and capacity to the satisfaction and approval of the minister in case the said steamer has been only temporarily disabled, and continue the service herein contracted for with such substituted or repaired steamer with as little delay as possible under all circumstances.

Freight and Passenger Tariffs—Proof of Performance of Service to be Furnished.

The contractors shall carry on each steamer running under this contract, according to its capacity, on all voyages, all the freight and passengers which may be reasonably offered or obtained, and at tariff rates, both as to passengers and freight, which may be from time to time approved by the minister; and the contractors shall furnish to the minister such documents, information and evidence as may be required by the minister, to show the volume, extent and value of the trade carried on by the said steamer, and such customs certificates, documents and evidence as may be necessary or as may be required by the minister to prove the performance of the service herein contracted for, and to enable the minister to judge as to whether this contract is being carefully and faithfully carried out and performed and the furnishing of such certificates, documents, information and evidence, as hereinbefore specified, shall be a condition precedent to the payment of the subsidy herein provided for or any portion thereof.

Deductions from Subsidy—Time-tables to be furnished—Docking Disabled Steamers.

Provided, however, that it is the true intent and meaning of these presents that no amount or instalment of subsidy shall be payable or be paid at any time, unless it appears to the satisfaction of the Minister that up to the time of such instalment becoming due, as herein stipulated, the service herein described and defined has been fully and faithfully performed, and that all provisions and stipulations as to freight and freight rates and dates of sailing have been in all respects faithfully observed and carried out, according to the true intent and meaning of these presents; and it is understood and agreed to be a further condition of these presents that the contractors shall at least two weeks prior to the first sailing under this contract furnish to the Minister time-tables showing the proposed sailings, and upon the same being approved by the Minister, they shall be duly advertised in such manner as he may direct; and it is also agreed that in case either of the steamers herein named, or a substituted steamer sanctioned by the Minister, does not sail from a terminal port as herein specified within of the date fixed by such time-tables, there shall be deducted from

the amount of subsidy payable for such voyage a sum equal to one-tenth of the amount otherwise payable for the performance of such voyage, and so in proportion for further delays or failure to sail from such terminal port. Provided, however, that the Minister may authorize any vessel to sail either at an earlier or a later date than that specified in such time-tables should he for any reason deem it advisable to do so; it being understood and agreed that, in the event of any of the said steamers being at any time so disabled as to be obliged to be docked for repairs, the failure to perform the terms of this contract owing to such accident and for the time reasonably occupied in the repair of the damaged steamer, shall not be taken as a default or breach of the stipulations of this contract, or subject the contractors to deductions as above from the amount of the subsidy, if any, payable for any voyage delayed in consequence of such docking for repairs, but there shall be no claim for nor payment of any subsidy in respect of any voyage not actually performed.

Freight and Passenger Rates to be Approved by the Minister.

(Inserted in contracts for ocean services only.)

The contractors shall at least three weeks prior to the first sailing under this contract, furnish to the Minister a schedule of the freight rates proposed which schedule shall be subject to the approval of the Minister, and after being approved by him shall not be changed except with his consent; and the Minister may at any time, if he deem it advisable, fix the maximum rates to be charged between the different ports, on both east and westbound trips, on any article or class of goods, and the contractors shall carry between the ports hereinbefore named, on all voyages of the said steamships employed under the terms of this contract, all passengers or freight that may be offered or that can reasonably be procured, at rates which shall not be in excess of such maximum rates as fixed by the Minister, should he deem it advisable to so fix such maximum rates, and in no case shall any discrimination be made as regards rates, or otherwise, directly or indirectly, against Canadian merchants, or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers; and it is agreed and understood that the freight rates on eastbound trips, sailing from or as hereinbefore provided, on through bills of lading from any place in the provinces of Ontario and Quebec, or from any Canadian points farther west, shall in no case be greater than from the same place to *via* any United States route or port; and on westbound trips the rates from to any place in Ontario or Quebec, or other Canadian points farther west, shall be as favourable as *via* any United States route or port to the same place; and it is further understood and agreed that the said steamers shall not carry between the ports of or and aforesaid, on any voyage run under the terms of this contract, either deals or lumber or timber to a greater extent than fifty per cent of the total quantity of the cargo carried on such voyage and such quantity only in case other Canadian products are not offering or cannot be obtained. Provided, however, that in the event of other cargo not being obtainable, satisfactory evidence of the fact being furnished to the Minister, then the contractors shall be allowed to make up the balance of the cargo with deals, boards or timber.

Publicity of Tariff Charges.

The freight and passenger rates charged by the contractors over said route may at any time be required to be approved of by the Minister, whose decision shall be final, and the said freight and passenger rates shall be made available at all times to the public at the head office and the agencies of the contractors.

Calls at Foreign Ports.

The steamer employed in carrying out the provisions of this contract shall not on any of its trips call at any foreign port not specified in this contract.

Carrying of nitro-glycerine or dangerous articles.

The contractor shall not convey or permit to be conveyed in any steamer while employed in this service any nitro-glycerine or any other article which in the opinion of the Minister shall be considered dangerous.

Subsidy subject to vote of Canadian Parliament.

It is conditioned, declared and agreed that the payment of subsidy, as hereinbefore stipulated, is subject to the amount specified being provided for the purpose by a vote of the parliament of Canada, and that if no amount is voted for the purpose, or if any amount voted has become exhausted in payment thereof, and no further sum is voted for the purpose, this contract or agreement shall terminate and become void and of no effect, and the party of the first part shall not in consequence be held liable to damage.

Minister's right to Terminate Contract.

It is declared to be the true intent and meaning of these presents, that the Minister shall have the right at any time during the continuance of this contract, upon 30 days' notice in writing to the contractors, their successors or assigns, to terminate this contract, and every matter and thing herein contained, if it shall appear to the Minister that there has been any breach on the part of the contractors, their successors or assigns, of any of the covenants, agreements, stipulations or provisions herein contained and entered into on the part of the contractors; and it is declared and agreed that the Minister shall at all times be the sole and final judge as to whether there has been any such breach, and his decision shall be absolute, final and conclusive.

Assignment of Contract.

This contract shall not, nor shall any right or interest therein be assigned without the consent in writing of the Minister to such assignment having been first obtained.

Canadian Members of Parliament not Admitted to Share in Contract.

It is a condition of these presents that no member of the House of Commons of Canada shall be admitted to any share or part of this contract or agreement nor to any benefit to arise therefrom.

Changes in Contract.

The minister may authorize any change or changes in the terms of this contract as may not be inconsistent with the vote providing for the payment of the subsidy.

Minister to be final judge as to full carrying out of contract.

The minister shall at all times be the judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive.

Transportation of Trade Commissioners.

(Inserted in contracts for ocean services.)

The Canadian Trade Commissioners and their wives, children and servants, or Canadian Commercial Agents, shall be granted free transportation, meals included, with first-class accommodation and free transportation for their household effects, upon any steamships employed by the contractors in the performance of this contract when requested so to do by the Minister, and when the said Commissioner or Commercial Agent is travelling upon his official duties or being transferred from one official post to another.

Intercolonial Railway Clause.

(Inserted in contracts for Atlantic ocean services.)

It is hereby agreed by the contractors that as the aid herein expressed and provided for by the Canadian Government is for the express purpose of encouraging the development of Canadian trade and the transportation of Canadian goods through Canadian channels the Company accepts the aid on these conditions, and agrees that all freight booked or carried by the said steamships from a port in the United Kingdom and during the time these make Halifax or St. John their terminal port, shall, when not otherwise expressly routed by shippers or consignees, be delivered to the Intercolonial Railway at Halifax or St. John for shipment to final destination in Canada, provided that the rates demanded by the Intercolonial Railway shall not be in excess of the rates charged by any other railway company from said ports to final destination in Canada.

(*a*) Contractors are to hand over to the Intercolonial Railway at Halifax passengers for points in the Maritime Provinces or the Province of Quebec, providing the route of such passengers is controlled by the contractors and that they are not otherwise routed. It is further agreed that the contractors through their agents in Canada shall see that they have all such freight for export as may be secured by them for a port in the United Kingdom at which the subsidized line may call delivered to the Intercolonial Railway at Montreal.

Calls at Government Wharves.

(Inserted in contracts for local services.)

In consideration of the subsidy herein stipulated the contractors agree to call at all Government wharves when such is practicable and when such wharves are available.

Handling of perishable products.

(Inserted in contracts for Atlantic ocean services.)

The handling, loading, stowing and unloading of any fruit or perishable products carried by the said vessels shall be subject to and under the supervision of any cargo inspector or other officer appointed for that purpose, should the Minister of Agriculture for Canada deem it advisable.

Dockage.—No elevator shall take a greater dockage than that shown by a proper test over a number ten sieve, except where grain contains foreign grain or seeds which cannot be taken out by a number ten sieve.

Every elevator must be equipped with the necessary sieves and scales for making proper tests, and the elevator operator must make the tests in the presence of the owner of the grain when requested.

General.—When tough, damp or wet grain is taken into store it shall be at the owner's risk, and the elevator operator shall have the right to ship it immediately to a terminal elevator for treatment.

The owner shall have the right to name the terminal elevator to which it shall be shipped.

RULES AND REGULATIONS FOR COUNTRY ELEVATORS.

1. The owner or operator of a country elevator shall post in the elevator, in a conspicuous place, a diagram, to a scale of not less than one-half inch to one foot, showing the location and numbers of the several bins in such elevator.

2. In shipping or delivering any grain stored in a country elevator, the net weight on the ticket or tickets shall be final; unless an investigation by the Board of Grain Commissioners shows reason for the contrary. The shipper to be paid in case of short shipment up to the amount of his or her ticket or tickets for the full billing capacity of the car, at the same price as the car was disposed of.

3. All shipping bills for grain shipped through an elevator shall be made out by the elevator agent, and he shall advise such parties as the owner may instruct.

4. The elevator owner shall, on all grain shipped through the elevator, have the right to retain and hold the shipping bill until he receives a guarantee from the owner of the grain, another elevator owner, a licensed commission firm or individual or any one else that the car may be sold to, that they will make proper adjustment as to the weight and grade. Upon receipt of storage tickets and lawful charges, the elevator owner shall deliver either the shipping bill to the party presenting the ticket or tickets, or a terminal warehouse receipt for the full amount of the grain called for in the ticket or tickets presented, up to the full carload.

5. The owner of grain in an elevator wishing such grain shipped to any point other than a terminal point, or where Government weights cannot be obtained, the owner of the grain must then accept the elevator weights at the shipping point as final unless the owner of the grain proves the shipping weights are not correct. Provided, however, that the owner of the grain can always demand an affidavit as to the actual grain shipped and delivered from the elevator operator and receiver of said grain respectively.

6. " No owner or operator of a country elevator or warehouse shall sell, assign, mortgage, pledge, or hypothecate any grain stored in such elevator or

warehouse, for which graded storage tickets or 'subject to grade and dockage' tickets or special bin tickets have been issued, and the owner or operator may be required by the Board to produce at any time proper registered warehouse receipts or bills of lading for such grain as has been shipped from the country elevator or warehouse, and for which there is still outstanding graded storage ticket or 'subject to grade and dockage' tickets or special bin tickets."

RULES AND REGULATIONS FOR STORING GRAIN IN COUNTRY ELEVATORS WHERE THERE IS DISAGREEMENT AS TO GRADE AND DOCKAGE.

1. The ticket or tickets issued under and by virtue of these rules and regulations must have incorporated therein, at the time of issue, the grade offered by the elevator owner or operator to the owner of the grain, and the following words: "Subject to Inspector's Grade and Dockage."

2. The owner of the grain can only demand the quantity that the storage ticket or tickets call for.

3. In case there is a dispute as to the weighing accuracy of the receiving scales, it shall be incumbent upon the owner of the elevator to prove that the scales are weighing accurately.

4. A proper sample must be drawn from each wagon load by the elevator operator at the time of delivery, in the presence of the party delivering same, and such sample must be drawn satisfactorily to both the deliverer and the operator.

5. Such sample must be placed in a metal receptacle satisfactory to the owner of the grain.

6. After the grain is delivered the sample drawn must be properly mixed in the receptacle in which it has been placed. The owner and the elevator operator shall then take out of the quantity mixed at least three pounds, and place it in a receptacle, which must be numbered and sealed and so made that it can be securely locked. The receptacle shall be supplied by the elevator owner, and secured by a padlock. The lock shall be provided by the owner of the grain, and he shall retain possession of the key. The receptacle and key shall thereupon be immediately forwarded to the Chief Inspector of Grain, Winnipeg, Man., all charges prepaid. After receiving the Inspector's certificate, showing grade and dockage, the operating agent shall issue a storage ticket, showing grade and dockage as given by the Chief Inspector, for the full amount of grain taken into store, and shall deliver to the owner at his request, in not less than carload lots, on track or at a terminal point, the grade and quantity the storage ticket calls for, after the owner has surrendered the storage receipts and paid or tendered all lawful charges against said grain.

7. The owner of the elevator shall, in all cases where grain is taken into store under the foregoing conditions, guarantee the grade and weight as specified in the storage ticket or tickets.

8. At the time of delivery of any grain where a ticket of this kind is being used, and it is agreed upon by the owner of the grain and the elevator operator that the grain is tough, damp or wet, and the elevator operator marks such ticket or tickets: "Out of condition, tough, damp or wet," then whatever grade such sample may receive from the Chief Inspector, it will still grade, "tough, damp or wet."

9. If the elevator operator fails at any time to draw and preserve such sample in the manner stated herein, the owner or operator must account to the owner of the grain for the grade designated by the said owner.

REPORT OF CHIEF ENGINEER.

C. D. Howe, Chief Engineer, Board of Grain Commissioners for Canada, reports as follows:—

During the year plans have been prepared for a proposed elevator at Port Nelson, Hudson bay, to be built as a part of the harbour developments now in process of construction at that port. Detailed foundation plans have been furnished to the Department of Railways and Canals, such as will permit them to construct the necessary pile foundation for the proposed elevator.

The proposed elevator will have a working-house holding capacity of about 400,000 bushels of grain, and a storage capacity of about 2,000,000 bushels of grain. The elevator track shed will have three railroad tracks with four receiving pits per track to give an unloading capacity of about twenty-four cars per hour. The shipping capacity of the elevator will be about 60,000 bushels of grain per hour, dock galleries being arranged to permit the simultaneous loading of three ocean going vessels.

The proposed elevator will be electrically driven throughout, the layout including a steam plant for generating electric power. Provisions are being made in the plans for the future installation of a drying plant of a capacity of 1,000 bushels per hour. Detailed plans of this elevator are now under way.

At the Vancouver elevator the steel work of the east shipping gallery has been rendered fireproof by encasing the steel columns and bracing in concrete. This concrete fireproofing has been applied by means of a cement gun. The bagging gallery in connection with this elevator has been completed and has been used in handling several shipments of grain in sacks. One shipment of grain in bulk has been made from this elevator.

The purchase of the right of way from the Canadian Northern and Grand Trunk Pacific Railways to the Saskatoon elevator has been completed. About two-thirds of the necessary property for the railroad right of way from the Grand Trunk Pacific Railway to the government elevator at Moosejaw has been purchased during the year.

The usual amount of maintenance engineering for the Port Arthur, Saskatoon, Moosejaw and Calgary elevators has been carried out. At the Moosejaw elevator a new well and machine shop has been installed for the diesel engine plant, and the heating system for the power-house and elevator plant has been revised to effect a saving in the coal consumption.

CRIMINAL STATISTICS OF CANADA 1917

GENERAL ABSTRACT OF THE REPORT

The criminal statistics in this report include statistics of (1) Indictable Offences and (2) Summary Convictions. The indictable officences are divided into the following six classes: I, Offences against the person; II, Offences against property with violence; III, Offences against property without violence; IV, Malicious offences against property; V, Forgery and offences against the currency; VI, Other offences not included in the foregoing classes. Cases tried by Police or other Magistrates under the Acts respecting "Speedy Trials" and "Summary Trials by Consent", are included with the indictable offences. The summary convictions represent all cases disposed of under the authority of the Act respecting summary proceedings before Justices of the Peace.

PART I. INDICTABLE OFFENCES.

During the year ending 30th September, 1917, there were 19,454 charges and 15,559 convictions for indictable offences in the several provinces of the Dominion, as compared with 23,942 charges and 19,160 convictions the year before, being a decrease of 4,488 or 18.75 per cent for charges, and a decrease of 3,601 or 18.79 per cent for convictions during the year, distributed as follows:

CHARGES, CONVICTIONS AND ACQUITTALS FOR INDICTABLE OFFENCES.

Canada	23,942	19,160	19·97	19,454	15,559	20·02

As shown in the above table, Prince Edward Island and New Brunswick are the only two provinces showing increases in the number of charges and convictions during the year. The most substantial decreases are found in Ontario, Saskatchewan, Alberta and British Columbia, and the higher percentage of acquittals in Alberta, Saskatchewan and British Columbia.

The following table gives the per cent ratios of criminality and population compared for each province in 1917:—

Provinces.	Ratio of criminality p.c.	Ratio of population p.c.
Prince Edward Island	0.21	1.12
Nova Scotia	3.74	6.13
New Brunswick	2.14	4.36
Quebec	21.69	26.78
Ontario	44.50	32.79
Manitoba	7.01	6.84
Saskatchewan	6.85	8.06
Alberta	5.79	6.24
British Columbia	7.93	7.36
Yukon	0.14	0.10
Northwest Territories	....	0.22
Canada	100.00	100.00

The above figures show that the ratio of criminality is higher than that of population in Ontario, Manitoba, British Columbia and the Yukon, while the ratio of population is higher than that of criminality in Prince Edward Island, Nova Scotia, New Brunswick, Quebec, Saskatchewan and Alberta.

Presented under another form the criminality of each province according to the estimated population for 1917, stands as follows:—

Yukon	One conviction to every		384	persons.
Ontario	"	"	396	"
British Columbia	"	"	499	"

YOUNG OFFENDERS.

The following table gives the number of young offenders under sixteen years, with percentage to total convictions, for the years 1916 and 1917 by provinces:—

Provinces.	Young offenders.			
	1916.		1917.	
	Number.	Percentage to total convictions.	Number.	Percentage to total convictions.
Prince Edward Island	3	21·43	12	36·36
Nova Scotia	125	19·41	155	26·63
New Brunswick	55	18·58	104	31·32
Quebec	658	17·21	709	21·00
Ontario	1,865	23·64	2,100	30·33
Manitoba	312	25·45	335	30·73
Saskatchewan	18	1·04	8	0·75
Alberta	5	0·26	7	0·77
British Columbia	116	7·16	176	14.26
Yukon				
Canada	3,157	16·48	3,606	23.18

As shown by the above table, there was an increase of 449 in the number of young offenders during the year. Increases are shown in every province, except Saskatchewan and Alberta. It will be noticed that the figures given for these two provinces are entirely out of proportion when compared with those for the other provinces. As already stated in a previous report, this discrepancy is mainly due to the fact that a large number of the returns received from these two western provinces omit the age and other information regarding the offenders, in spite of the constant requests made by this Office to the several Justice Officers in order to obtain complete returns.

Out of the above number of young offenders convicted of indictable offences in 1917, there were 2,485 tried by the several Juvenile Courts of Canada, as follows:—

Of the above number of young delinquents convicted of indictable offences by the Juvenile Courts, 244 were sent to the reform schools or charitable institutions and 283 were fined, the balance being allowed to go on probation or suspended sentence.

Besides the 2,485 young offenders who were convicted of indictable offences during the year, there were 2,342 summary convictions for minor offences in the several Juvenile Courts of Canada, as follows:—

As to their detention, 94 prisoners had served less than one-fourth of their time, 392 one-fourth and less than one-half, 598 one-half and less than three-fourths and 246 over three fourths of their time. As to the condition of pardon, 656 were liberated on ticket of leave only, 307 to abstain from intoxicants and accept employment, 103 deportation, 99 to resume military service, 65 to return home, 11 put under care of the Salvation army, 13 sent to hospitals for medical treatment, 17 had their sentence reduced, 19 to leave the locality, 25 unconditional and 28 various conditions.

There were eight death sentences commuted to life imprisonment in Canada during the year 1917, distributed by provinces as follows: 2 each in Ontario, Manitoba and Alberta and 1 each in Nova Scotia and Quebec.

A change has been made in the tabulation of the present report by which the information relating to the country of birth, religion, educational status, occupation, use of liquors and residence of the deliquents, is given by provinces instead of by judicial districts as formerly done, reducing thereby the ordinary size of the volume by eighty-six pages.

STATISTIQUE CRIMINELLE DU CANADA, 1917

PRÉCIS COMPLET DU RAPPORT.

La statistique criminelle dans ce rapport comprend (1) les délits criminels ou justiciables d'un jury et (2) les petits délits ou condamnations sommaires. Les délits criminels se divisent en six classes, à savoir: la classe I, outrages contre la personne; la classe II, délits avec violence contre la propriété; la classe III, délits sans violence contre la propriété; la classe IV, dommages malicieux à la propriété; la classe V, faux et délits par rapport à la monnaie; la classe VI, autres délits non compris dans les classes précédentes. Ces six classes de délits comprennent les cas expédiés par les magistrats de police ou autres juges de paix, du consentement des accusés, conformément aux lois concernant les «Procès Expéditifs» et les «Procès Sommaires». Les petits délits ou condamnations sommaires comprennent les cas expédiés en vertu de la loi concernant les procédures sommaires devant les juges de paix.

PARTIE I. DÉLITS CRIMINELS.

Durant l'année terminée le 30 septembre 1917, il y a eu 19,454 accusations et 15,559 condamnations pour délits criminels ou justiciables d'un jury dans les différentes provinces du Canada, comparativement à 23,942 accusations et 19,160 condamnations l'année précédente, soit une diminution de 4,488 ou 18.75 pour cent dans les accusations, et une diminution de 3,601 ou 18.79 pour cent dans les condamnations durant l'année.

Comme l'indiquent les chiffres du tableau précédent, l'Ile du Prince-Edouard et le Nouveau-Brunswick sont les deux seules provinces montrant des augmentations dans le nombre d'accusations et de condamnations durant l'année; les plus grandes diminutions se trouvent dans Ontario, la Saskatchewan, l'Alberta et la Colombie-Britannique, et le pour-cent d'acquittements le plus élevé dans l'Alberta, la Saskatchewan et la Colombie-Britannique.

Le tableau qui suit donne la proportion pour cent de la criminalité et de la population comparées pour chaque province en 1917.

Provinces.	Proportion de la criminalité p.c.	Proportion de la population p.c.

Le tableau qui précède indique que la proportion de la criminalité est plus élevée que celle de la population dans Ontario, Manitoba, la Colombie-Britannique et le Yukon, tandis que la proportion de la population est plus élevée que celle de la criminalité dans l'Ile du Prince-Edouard, la Nouvelle-Ecosse, le Nouveau-Brunswick, Québec, Saskatchewan et Alberta.

Présentée sous une autre forme, la criminalité de chaque province, d'après une estimation de la population pour 1917, est ainsi établie:—

Jeunes délinquants.

Le tableau suivant donne le nombre de jeunes délinquants au-dessous de 16 ans, avec leur proportion pour cent par rapport à la totalité des condamnations, pour les années 1916 et 1917.

Canada	3,157	16·48	3,606	2? 18

On voit par ce tableau que le nombre de jeunes délinquants a augmenté de 449 durant l'année. Il y a des augmentations dans toutes les provinces, excepté la Saskatchewan et l'Alberta. On remarquera que les chiffres donnés pour ces deux provinces sont tout à fait hors de proportion, comparés à ceux des autres provinces. Cet écart, comme on l'a déjà fait observer, est dû en grande partie à l'absence de détails dans un grand nombre de rapports reçus des officiers de ces provinces, en dépit des instances faites par ce Bureau pour obtenir tous les renseignements requis.

Du nombre plus haut mentionné de jeunes délinquants trouvés coupables de délits criminels en 1917, il y en avait 2,485 dont les cas ont été expédiés par les différentes cours juvéniles du Canada, comme l'indique le tableau suivant:—

PARDONS ET COMMUTATIONS.

Le nombre de prisonniers en faveur desquels le droit de grâce a été exercé au Canada durant l'année 1917 s'élevait à 1,343 (1,233 hommes et 110 femmes). Des 699 criminels libérés des différents pénitenciers du Dominion durant l'année, 189 étaient de St-Vincent de Paul, 188 de Kingston, 89 de New-Westminster, 77 de Dorchester, 67 d'Edmonton, 46 de Stony Mountain et 43 de Prince Albert; des 644 délinquants libérés des maisons de réforme et des prisons provinciales, Ontario en comptait 250, Québec 134, Alberta 72, Saskatchewan 67, Colombie-

Britainnique 45, Manitoba 39, Nouvelle-Ecosse et Nouveau-Brunswick 16 chacune, Yukon 2, Ile du Prince-Edouard 1, et 2 non emprisonnés. Du chiffre total des libérés, 5 étaient détenus pour meurtre, 8 pour tentative de meurtre, 37 pour homicide non prémédité, 35 pour séduction, commerce charnel et inceste, 16 pour bigamie, 20 pour viol et autres attentats à la pudeur, 82 pour voies de fait de toutes sortes, 42 pour divers outrages contre la personne, 223 pour vol qualifié, vol avec effraction, bris de maisons et de magasins, 50 pour fraude et faux prétextes, 386 pour vol simple et recel, 52 pour vol de chevaux et bestiaux, 28 pour incendie et autres dommages à la propriété, 59 pour faux et autres délits par rapport à la monnaie, 61 pour désertion du service militaire, 25 pour infraction aux lois des prisons et évasion, 62 pour vagabondage et ivresse, 40 pour tenir et habiter des maisons de désordre, et 93 pour divers autres délits. Quant à la durée de leur détention, 94 prisonniers avaient purgé moins d'un quart de leur sentence, 392 un quart et moins de la moitié, 598 la moitié et moins des trois quarts et 246 les trois quarts et au-dessus de leur temps. Quant à la condition du pardon, 656 ont été libérés sur parole seulement, 307 devant s'abstenir de boisson enivrante et accepter de l'emploi, 103 déportation, 99 devant reprendre le service militaire, 65 s'en retourner dans leur famille, 11 mis sous les soins de l'Armée du Salut, 13 envoyés aux hôpitaux pour traitement médical, 17 ont eu leur sentence réduite, 19 devant quitter les lieux, 25 sans condition et 28 diverses conditions.

Il y a eu huit sentences de mort commuées en emprisonnement à vie au Canada durant l'année 1917, ainsi réparties par provinces; 2 chacune dans Ontario, Manitoba et l'Alberta, et une chacune dans la Nouvelle-Ecosse et Québec.

Un changement a été fait dans les tableaux du présent rapport, par lequel les renseignements touchant le pays de naissance, la religion, le degré d'instruction, l'occupation ou métier, l'usage de boissons et la résidence des délinquants, sont donnés par provinces et non pas par districts judiciaires comme dans les rapports précédents, réduisant par là de quatre-vingt-six pages la grosseur ordinaire du volume.
